CCC Newsletter # 08-14

Good Day to Y'all from Great Falls, MT! Yep, we're still on the road, but GF is a regular "resting place" for us, so it's almost like being home. We'll be back home to CA in a few weeks!

We have enjoyed our cross country trek very much. When we left I thought 2 months on the road would allow us to see and do "everything" we wanted . . . oh how wrong! We have visited some wonderful places full of beauty and history, but only scratched the surface of what there was to do and see. Oh well, maybe on another trip.

Important!! **Pontiac/Oakland Western Regional Convention!** Important!!

September 25<sup>th</sup> thru the 28th, 2014

At the Pines Resort, Bass Lake, CA

If you have a Pontiac/Oakland or GMC Truck you do not want to miss this convention!

Info: [www.pontiacsofcentralcalifornia.org](http://www.pontiacsofcentralcalifornia.org)

One of our planned stops was Minneapolis, MN to visit my son Adrian. He took us on a tour of some local attractions and look what we found sitting in a parking lot!

It's an Amphicar! We didn't meet the owner, but I sure would have loved to talk to him about such an interesting car, uh boat . . . uh . . . vehicle. Notice that it has the Minnesota boat license on the front fender in addition to the car license plate on the rear.

This morning I received an email from my son with this link about the car, and it's club . . . how timely!

<http://minnesota.cbslocal.com/2014/07/27/finding-minnesota-still-floating-after-all-these-years/#.U9XwR-wfKYg.gmail> Not a long news segment and worth watching. I've posted more pictures that I took on my website; [www.californiacarclubs.com](http://www.californiacarclubs.com)

So why not make amphibious vehicles (excluding military) the subject of our monthly trivia! All in favor say "aye"! (A little louder please . . . thank you!) Since it's unanimous, here we go!

- Trivia Question One: Who made the most successful (in terms of sales) amphibious vehicle?
- Trivia Question Two: What is the fastest amphibious vehicle?
- Trivia Question Three: What is the most expensive personal amphibious vehicle?
- Trivia Question Four: What United States President owned an amphibious vehicle? (Yep, one did!)

As always, the answers to the trivia questions are after the show listings . . . which I need more of!

Rallye Productions offers you More for Less!!! Buy Dash Plaques from us and receive a “sponsorship” discount, magnetic goodie bag stuffers, and a \$25 RockAuto auto parts gift certificate for your event.

So from here, let's move on the the shows!

#### 24th:

- **Roseville, CA:** *Motor Madness*: one of the premiere Custom Car, Truck and Hot Rod Car Shows in Northern California. This year will be our 6<sup>th</sup>, and promises to be the best one yet! The event is promoted and hosted by Bill McAnally Racing, NAPA Auto Care Center, and the Men from Man Cave Ministries, as an outreach to the community. The event will be held at the NAPA Auto Care facility located at 900 Riverside Avenue. It can handle everything automotive from your family car to championship NASCAR building. This show is a collection of Custom, Modified, Cars and Trucks along with Rat Rods and Hot Rods from all over the area. This family event includes tours of the shop, close up looks at the cars and haulers used to transport cars to each race. Come join us for live entertainment, food and vendors. This years proceeds go to support "Evening of Dreams"; a red carpet event for teens and young adults with disabilities, complete with photographers, dinner and dancing. The goal is to create a prom experience with the ability to provide for a variety of special needs. Info: Entry information and sponsorship forms can be downloaded on the website [www.motormadness.org](http://www.motormadness.org) along with more details on the event. As always admission is FREE to the public.
- **San Pedro, CA:** *Car Show By The Sea*: Don't miss the "Car Show by the Sea", held by the Legends San Pedro Car Club and the Lions Club of San Pedro at beautiful Point Fermin Park in sunny San Pedro, California. The car show is a day of fun for

the entire family and there is no spectator admission charge! There will be beautiful classic and antique cars with spectacular views of the Pacific Ocean and Catalina Island in the background. This year we'll enjoy live music by our favorite local band the Topics at the newly restored Point Fermin Park Band Shell. The Car Show is the result of the efforts of the Legends Car Club working with the Lions Club of San Pedro. The Car Show by the Sea would not take place without the many sponsors whose generous donations allow the event to raise money for both local and Lions Club charities. The Los Angeles Department of Recreation and Parks lend their full support to this event. We also want to give a special thanks to our Congresswoman Janice Hahn and Councilman Joe Buscaino. Bring yourself, your family and your friends and your neighbors to Point Fermin Park and enjoy a free, fun filled day! For information call 310-832-6989 or [visit the website](#).

- **Sacramento CA:** *Cars and Coffee*: Event will be at Total Kontrolle Engineering, 8131 Alpine Ave, off Power Inn, from 9am till 11:30 am. NOTE: our date is different at the request of the HOST, and to allow for attendance due to the prior week being Monterey Week of car fun. Total Kontrolle, formerly "PointSix Motorsports" and one of the founders of Spec E30 in Northern California, has been producing and testing championship winning track cars since 2005. Come check out this great shop. Coffee and goodies will be available from Temple Coffee, as will great cars, and more! This event is FREE and open to all makes and models of cars, truck and motorcycles.
- **Toutle, WA:** *Hot Rod Eruption Drags*: It happens at Riverdale Raceway.

## 27th:

- **Norco, CA:** *Hot Vegas Nights Car Show*: 5:00p to 8:00p at Bobs Big Boy Restaurant. Every Wednesday of August we are having a Classic, Hot Rods, Muscle Car Show. Fun times and there will be a "Poker game" for all car entrees. Awards - Raffles - Pie Walks.
- **Santa Clara, CA:** *Annual Intel Car Show*: Will be held on at Intel Corp headquarters, 2200 Mission College Blvd. Enter show area via Juliette lane and follow the signs. This is an informal show with no judging or trophies and sponsored by Intel as an event for their employees. As always, we are space limited to ~120 cars so registering in advance is required. Cost: Nothing! Free lunch for driver and 1 guest and appreciation gift for bringing out your car. Appreciation gifts will be given until supplies run out. If your plans change once you've registered, please let us know so we can accommodate others on the wait list. We have an electrifying twist for this year's show that will feature a wide display of electric and plug in hybrids for viewing and test drives so you'll not want to miss out. This event is put on for the employees and closed to the public so non-employee admission is only through displaying your vehicle. We highly encourage early arrival (before 10:30) to avoid the bottleneck of cars that typically show up between 10:30-11:30. Info: If you are interested in participating, please RSVP to Carla Dziedziak by August 13th to ensure a spot. RSVP with the following: Year, Make, Model, Car club affiliation (if any) and # of people. Email [carla.t.dziedziak@intel.com](mailto:carla.t.dziedziak@intel.com).

## And now the answers to this month's Trivia Questions:

- **One:** The Amphicar is “one of the most” successful mass produced amphibious cars. (Best answer I could find.) They were manufactured in Germany from 1961 till 1965, for the US market, and used a British Triumph engine (how's that for “global”). 3878 were titled before the company folded in 1965; they had anticipated annual sales of 20,000.
- **Two:** The fastest amphibious vehicle is the Python. It can reach 60mph on the water, and go 0-60 in 4.5 seconds on dry land. It's powered by the LS Corvette drive train.

- **Three:** The most expensive (that I could find) is the Terra Wind, a 1.2 Million dollar RV! Well, it's 1.2 Million give or take a tad depending on your choice of options. (Go head, live it up!)

- **Four:** President Lyndon B. Johnson was known as an owner of an Amphicar. Johnson, a known practical joker was said to enjoy frightening visitors at his Johnson City, Texas ranch by driving them downhill in his Amphicar, directly into his property's lake while all the time shouting that he had lost his brakes!

The caption on this picture said Johnson was driving, but to me it looks like him sitting in the back with his dog. Not sure at all. And thanks to Wikipedia for the info on Amphicars.

And now my wife's turn!

## THOUGHTS FROM THE ROAD - July 2014

Janet Massey

*Brian and I have been driving cross country in our RV for about six weeks; we are currently in Vermont and heading back into New York (and West!) tomorrow. This is some of what we've learned so far:*

The western end of Interstate 40 begins in Barstow, CA and continues for 2554 miles to the eastern end in Wilmington, NC. Along Int. 40 in Arizona, we saw "Holy Moses Wash" and "Rattlesnake Wash". In Flagstaff we saw squirrels with rabbit-like ears and really bushy tails. What the ...? We found out they are Kaibab squirrels, supposedly only found in the Grand Canyon area; but my son renamed them squabbits! While in Arizona, we visited Montezuma Castle, an ancient cliff dwelling south of Sedona and Flagstaff.

Some Route 66 fans apparently like to walk on it. We saw several people walking and pushing carts along Route 66 – on the highway!! This was in New Mexico or Texas. We drove a large part of Route 66.

Billboard in Albuquerque: "Staying in Business Sale"

The main street in the small town of Davenport, OK, is part of Route 66 and is still paved with original bricks. Beginning in Oklahoma, we noticed that everyone keeps their huge lawns and the sides of the road mowed. Sometimes it's several acres, but it's always neat and mowed. This has been true all through Arkansas, Virginia and all of New England. We also started seeing lightening bugs/fire flies in Oklahoma and have seen them in every state since. I caught one on my birthday!

Church sign in Drumwright, OK: "Weather Forecast for Tonight – DARK"

The state capitol in Little Rock, Ark. will let you go into the vault in the State Treasurer's office and hold piles of money. I held \$130,000 and Brian held \$32,000!!! Then they take your photo and post it on their website. Hope we're not on a wanted poster somewhere. Places we noticed in OK and Ark. with funny names: "Pig Out Palace", "Hog Wild BBQ Café", "Pig Trail Scenic By-Way", "Toad Suck Park," & "Landers Toad Suck Harley- Davidson". Question: Why are the Boston Mountains in Arkansas?

It's lovely to stay right next to the Mississippi River near Memphis, but beware of pesky biting flies. Also, the ducks at the Peabody Hotel in Memphis are trained to ride the elevator from the roof at 11 a.m., walk the red carpet to their fountain in the lobby, and stay there until 5 p.m., when they walk back to the elevator on the red carpet and return to their roof penthouse. This has happened since the 1930's.

This is a Real Sign!

Billboards in Tennessee:

“State’s Largest Selection of Moonshine”  
“Single White Billboard Seeking Meaningful Advertiser  
for Long-Term Relationship”

The electronic freeway signs in Tennessee say: “Buckle Up Y’all”  
Car Wash in Knoxville, TN: “Liquidy Split”

The state capitol in Knoxville, Tennessee, is reached by climbing HUNDREDS of stairs because it’s on a knoll. Also of importance . . . the building is not open on Saturday! Wish we’d known . . . .

We learned that our bug spray wasn’t good enough and had to buy some to hopefully keep away the ticks and deer ticks (which are very tiny). Not a fun project to check yourself for bugs!! Aside from ticks, the state parks in Virginia and Pennsylvania are wonderful places to stay.

In Virginia we saw “Poor Farm Road” and “Cow Pasture River”. In a beautiful farming area in Maryland, we saw “Good Intent Road”. In Gettysburg, there is a “History Nerds Tour Co.” At one point in Virginia, we were at the intersection of “Pohick” and “Backlick” streets. Hmmm. There was also a Pohick Church.

Since the founding of the Massachusetts Bay Colony in Gloucester, MA in 1623, more than 10,000 fishermen from Gloucester have been lost at sea. “The Perfect Storm” book – and

eventual movie – was based on a true story about the fishing fleets in “Glosta”.

As many of you know, *Hemmings* publishes their magazines in Bennington, Vermont. Next door they also have a retro gas station (still a full-service station), store/gift shop and automobile exhibit – all free. (Not the gas!)

There are so many historical sites and beautiful areas to see in our country, that there would never be enough time to see them all. But we are trying to see as much as we can; and we’ve met lots of friendly people along the way. We’ve been able to meet up with friends in Virginia and Connecticut; and made new

friends in

Pennsylvania, New Hampshire and Vermont. Yesterday at Hemmings, we visited

with a guy from Norway who was traveling over 3,000 miles with his wife and FOUR children in a 1964 Road Runner that he’d just purchased. No a/c of course! He was leaving it with a friend when he returns to Norway.

Well, even though we’ve been in a small space together with our dog for six weeks – so far we still like each other!! For those who may be interested, our new dog, Bella, is a great traveler and happy camper. Only a few thousand miles to go!

Photo taken on a ferry near Jamestown, VA. We miss y'all . . .

### Craig's List Ad!

This was sent my way. It's a 1948 Ford hot rod on Craigslist. I know nothing about it other than what the ad says. Might be a good find for someone! <http://santabarbara.craigslist.org/cto/4582985961.html>

As always, the legal stuff! If you would like to be removed from this free newsletter, simply bounce it back with "remove" in the subject line. You can also feel free to pass it along to your gearhead friends. In turn, they can order their own copy by sending me an email with "add me" in the subject line. Send to: [webmaster@californiacarclubs.com](mailto:webmaster@californiacarclubs.com)

Submissions of car shows and events are always welcome! However, I really do prefer they be submitted in the format as you see them posted in the newsletter. It is so much easier for me to "cut 'n paste" onto the web, especially when I'm on the road or otherwise busy. (Don't forget, this is just a hobby!)

Well that seems to be it for this month. We wish you all well and lot's of *Happy Motoring!*
