Thanks to everyone who's sent in shows; I appreciate your contributions very much; they make the newsletter! If you come across any shows, please send the info to me so we can share the good news with everyone! If the word doesn't get out, who's gonna know.

To those who are helping plan shows, send them in early! I can't tell you how many submissions I get that are only a few weeks out. Many have missed getting into any newsletter due to being tardy. So send them in early! If you've got your plans together for your show next year, send it in; I'll be happy to get next years calendar up and running if there are shows to post.
